1 Source: Wants & Pricing Report (April 2019) from the Hearts & Wallets Investor Quantitative™ Database. Hearts & Wallets conducts an annual syndicated survey in which respondents are asked to rate their financial services providers in a variety of areas on a scale of 1 (not at all satisfied) to 10 (extremely satisfied). In 2018, 5,441 respondents provided 8,748 sets of ratings. The report designates Hearts & Wallets Top Performer™ in areas where customer ratings for one or more provider are “distinctively higher than customer ratings of other providers.” In areas where no provider ratings are distinctively higher, no Top Performers are designated. This rating is not indicative of future performance and may not be representative of any one client’s experience, as the rating is an average of a sample of client experiences. Ameriprise paid a fee to Hearts & Wallets to cite the results of the survey.

2 Company reports.

4 Clients can rate an advisor or practice, based on their overall satisfaction with the team or practice, on a scale of 1 to 5 (1= extremely dissatisfied to 5= extremely satisfied). Client experiences may vary and working with any Ameriprise Financial practice is not a guarantee of future financial results. Investors should not consider this rating a substitute for their own research and evaluation of a financial practice’s qualifications. Not all clients may respond to these questions, and only clients with access to the Ameriprise Secure Client Site may submit a rating. Ratings reflect an average of all client responses received between 3/13/2018 and 9/30/2018.
