⁴ Clients can respond to an internal Ameriprise survey and rate an advisor or practice, based on their overall satisfaction with the team or practice, on a scale of 1 to 5 (1= extremely dissatisfied to 5= extremely satisfied). Client experiences may vary and working with any Ameriprise practice is not a guarantee of future financial results. Investors should not consider this rating a substitute for their own research and evaluation of a financial practice's qualifications. ⁸ Forbes and Statista recognized the Best Employers for Diversity based on anonymous surveys from 60,000 U.S. employees working for companies with at least 1,000 people in their U.S. operations; the survey ran from Sept.–Oct. 2021. Respondents were asked to rate their organizations on criteria such as age, gender, ethnicity, disability and sexual orientation equality and general diversity. Respondents from underrepresented groups were also asked to nominate organizations other than their own. In the evaluation, Statista also considered diversity among top executives/board and other publicly available diversity indicators and reports.
